

## DVM

### Description

Animal Wellness World, Central East Florida's destination for companion animal healing and wellness, is seeking a full-time veterinarian to join our team. Our Neighborhood Favorite practice is seeking a classically trained, alternative oriented veterinarian who desires on the job mentorship to further their integrative studies.

Come join us in beautiful, sunny Merritt Island Florida, where you will experience the natural beauty of our coast, some of the highest-ranked schools in Florida, and home to Merritt Island National Wildlife Refuge. The refuge safeguards a 140,000-acre nature sanctuary and plays a huge role in the local interest. We invite you to explore our website ([www.animalwellnessworld.com](http://www.animalwellnessworld.com)) to learn more about our extraordinary facility, team, and services. We look forward to meeting with you!

### About Us

We operate a progressive, Integrative, veterinarian practice. We offer conventional medicine, soft tissue surgery/general dentistry and preventive medicine. We also offer progressive treatments such as class IV laser, surgical laser, I-therm therapy, stem cell treatment, massage, chiropractic by a DC, acupuncture, herbs, Standard Process and many other nutritional supplements.

### Culture

The perfect candidate is seeking a long-term relationship within a mission-driven practice working with an outstanding clientele, team, and cutting edge medicine. Our unique management system involves all staff members and allows for improvements in the quality of the workplace and increased satisfaction in the practice. We are proud to be a family oriented business and support future partnership opportunities.

### Job Benefits

For the right candidate, benefits of employment include:

- Competitive salary based on experience plus bonus
- Schedule to ensure work-life balance
- Collaborative team environment of skilled and passionate professionals
- Cutting edge medical equipment and therapeutic modalities
- Individualized integrative mentorship to support ongoing learning and career development
- Benefits Program including Medical, Dental, and Vision
